The committee would like to see nominees from Div 1 and 2.

To ensure that the teams representing the Pafos darts league are selected fairly ,it has been suggested that teams who wish players from their team to be selected should use the score board ( which can be downloaded off the web site ) to be used during dart matches, as the average and performance of players will be put onto a spreadsheet.

This will allow the committee and all members to see that players are being selected on their merit and performance.
